

The Outdoor Ed School – Bubble Football – Risk Assessment

This document will highlight the hazards for taking part in a bubble football session with The Outdoor Ed School and the actions which will be taken to reduce the risk of those hazards.

The instructor providing this session will have a current first aid qualification and would have completed the relevant activity sign off assessment.

The instructor will provide first aid in line with their first aid training.

As part of the freelance instructor induction, the freelancer is required to read through the following documents, standard operating procedures (SOP), emergency action plan (EAP), and the relevant activity risk assessments (RA).

The instructor will provide this activity in line with the policies and statements found in The Outdoor Ed School's SOP, EAP, and this RA to create a safe, fun, and educational experience for the participants.

Observations will take place to ensure freelancers are following the policies and procedures stated within the prementioned documents.

This document has been produced using the relevant national governing body guidance and the advice of industry professionals.

This document will be amended and reviewed as needed.

If you have any questions about the information contained in this document, please contact Dan Pritchard directly on 07513783253.

		<ul style="list-style-type: none"> - Within the booking confirmation email participants will be asked to wear suitable footwear which must be close toed. - The activity will be supervised by an instructor throughout. - The instructor will adapt the session delivery to fulfil the groups needs.
