

## The Outdoor Ed School – Bushcraft – Risk Assessment

This document will highlight the hazards for taking part in a bushcraft session with The Outdoor Ed School and the actions which will be taken to reduce the risk of those hazards.

The instructor providing this session will have a current first aid qualification and would have completed the relevant activity sign off assessment.

The instructor will provide first aid in line with their first aid training.

As part of the freelance instructor induction, the freelancer is required to read through the following documents, standard operating procedures (SOP), emergency action plan (EAP), and the relevant activity risk assessments (RA).

The instructor will provide this activity in line with the policies and statements found in The Outdoor Ed School's SOP, EAP, and this RA to create a safe, fun, and educational experience for the participants.

Observations will take place to ensure freelancers are following the policies and procedures stated within the prementioned documents.

This document has been produced using the relevant national governing body guidance and the advice of industry professionals.

This document will be amended and reviewed as needed.

If you have any questions about the information contained in this document, please contact Dan Pritchard directly on 07513783253.

## Generic Risk Section:

Hazard:	Who is at risk:	Actions to reduce risk:
<p>Pre-existing medical conditions.</p>	<p>Instructor</p> <p>Participants</p>	<ul style="list-style-type: none"> <li>- Freelancers and staff members are required to complete a 'freelance work agreement' form which includes declaring any medical requirements that may affect their ability to provide this activity.</li> <li>- Instructors are required to carry any medication they may need on their person while providing this activity.</li> <li>- Freelancer / staff member to inform other instructors of their medical requirements and how to support if appropriate.</li> <li>- The participants are required to declare any medical conditions ether during the online booking process or by completing and bring along a paper medical form (which they would receive via email) if they booked over the phone.</li> <li>- All online medical forms can be found on Fareharbor if the session is for the public or Google Forms if it's a private group like schools.</li> <li>- The instructor will check with the group leader that they have a completed medical form for all participants.</li> <li>- Participants confirmation will state at any medication which may be require must be kept on their person or with the instructor throughout the session.</li> <li>- The timings and content of this session can be adapted to fulfil most needs.</li> <li>- The instructor will provide any first aid in line with their first aid training.</li> <li>- The instructor will refer to the EAP document 'incident flow sheet' if required.</li> </ul>
<p>Slips, Trips, and Falls</p>	<p>Instructors &amp; Participants</p>	<ul style="list-style-type: none"> <li>- The instructor will complete a pre-use check on all activity equipment and activity area. If they identify any hazards like uneven ground, they with inform the participants as part of their activity brief.</li> <li>- The activity area must meet the required sizes stated in our 'activity station set up' document.</li> <li>- We do not recommend running in any activity but there is a strict no running rule in activities such as archery and axe throwing.</li> </ul>

		<ul style="list-style-type: none"> <li>- Within the booking confirmation email participants will be asked to wear suitable footwear which must be close toed.</li> <li>- The activity will be supervised by an instructor throughout.</li> <li>- The instructor will adapt the session delivery to fulfil the groups needs.</li> </ul>
Physical contact	Instructors & Participants	<ul style="list-style-type: none"> <li>- All our activities have a strict no contact rule except for Team Challenges where permission must be asked first.</li> <li>- Any violence towards instructors or participants is not acceptable and the individual will be removed for the session immediately.</li> <li>- Participants will be briefed on safe movement and the importance of being aware of others.</li> </ul>
General Public entering activity area.	Public	<ul style="list-style-type: none"> <li>- All activities except watersport activities will be provided on private land such as schools or one of our activity sites where a fence and gates keep the activity area secure.</li> <li>- Most activity areas such as laser tag, archery, axe throwing, and pioneering will be marked out using signs and/or lines. Please refer to the 'activity station set up' document.</li> <li>- If someone enters the activity area, the activity will be stopped, participants will be regrouped at the briefing area or waiting line, and the instructor will guide the member of public out of the activity area.</li> <li>- The activity cannot continue until the member of public has exited the activity area.</li> </ul>
